

# 2019 - 2021 Traffic Counts

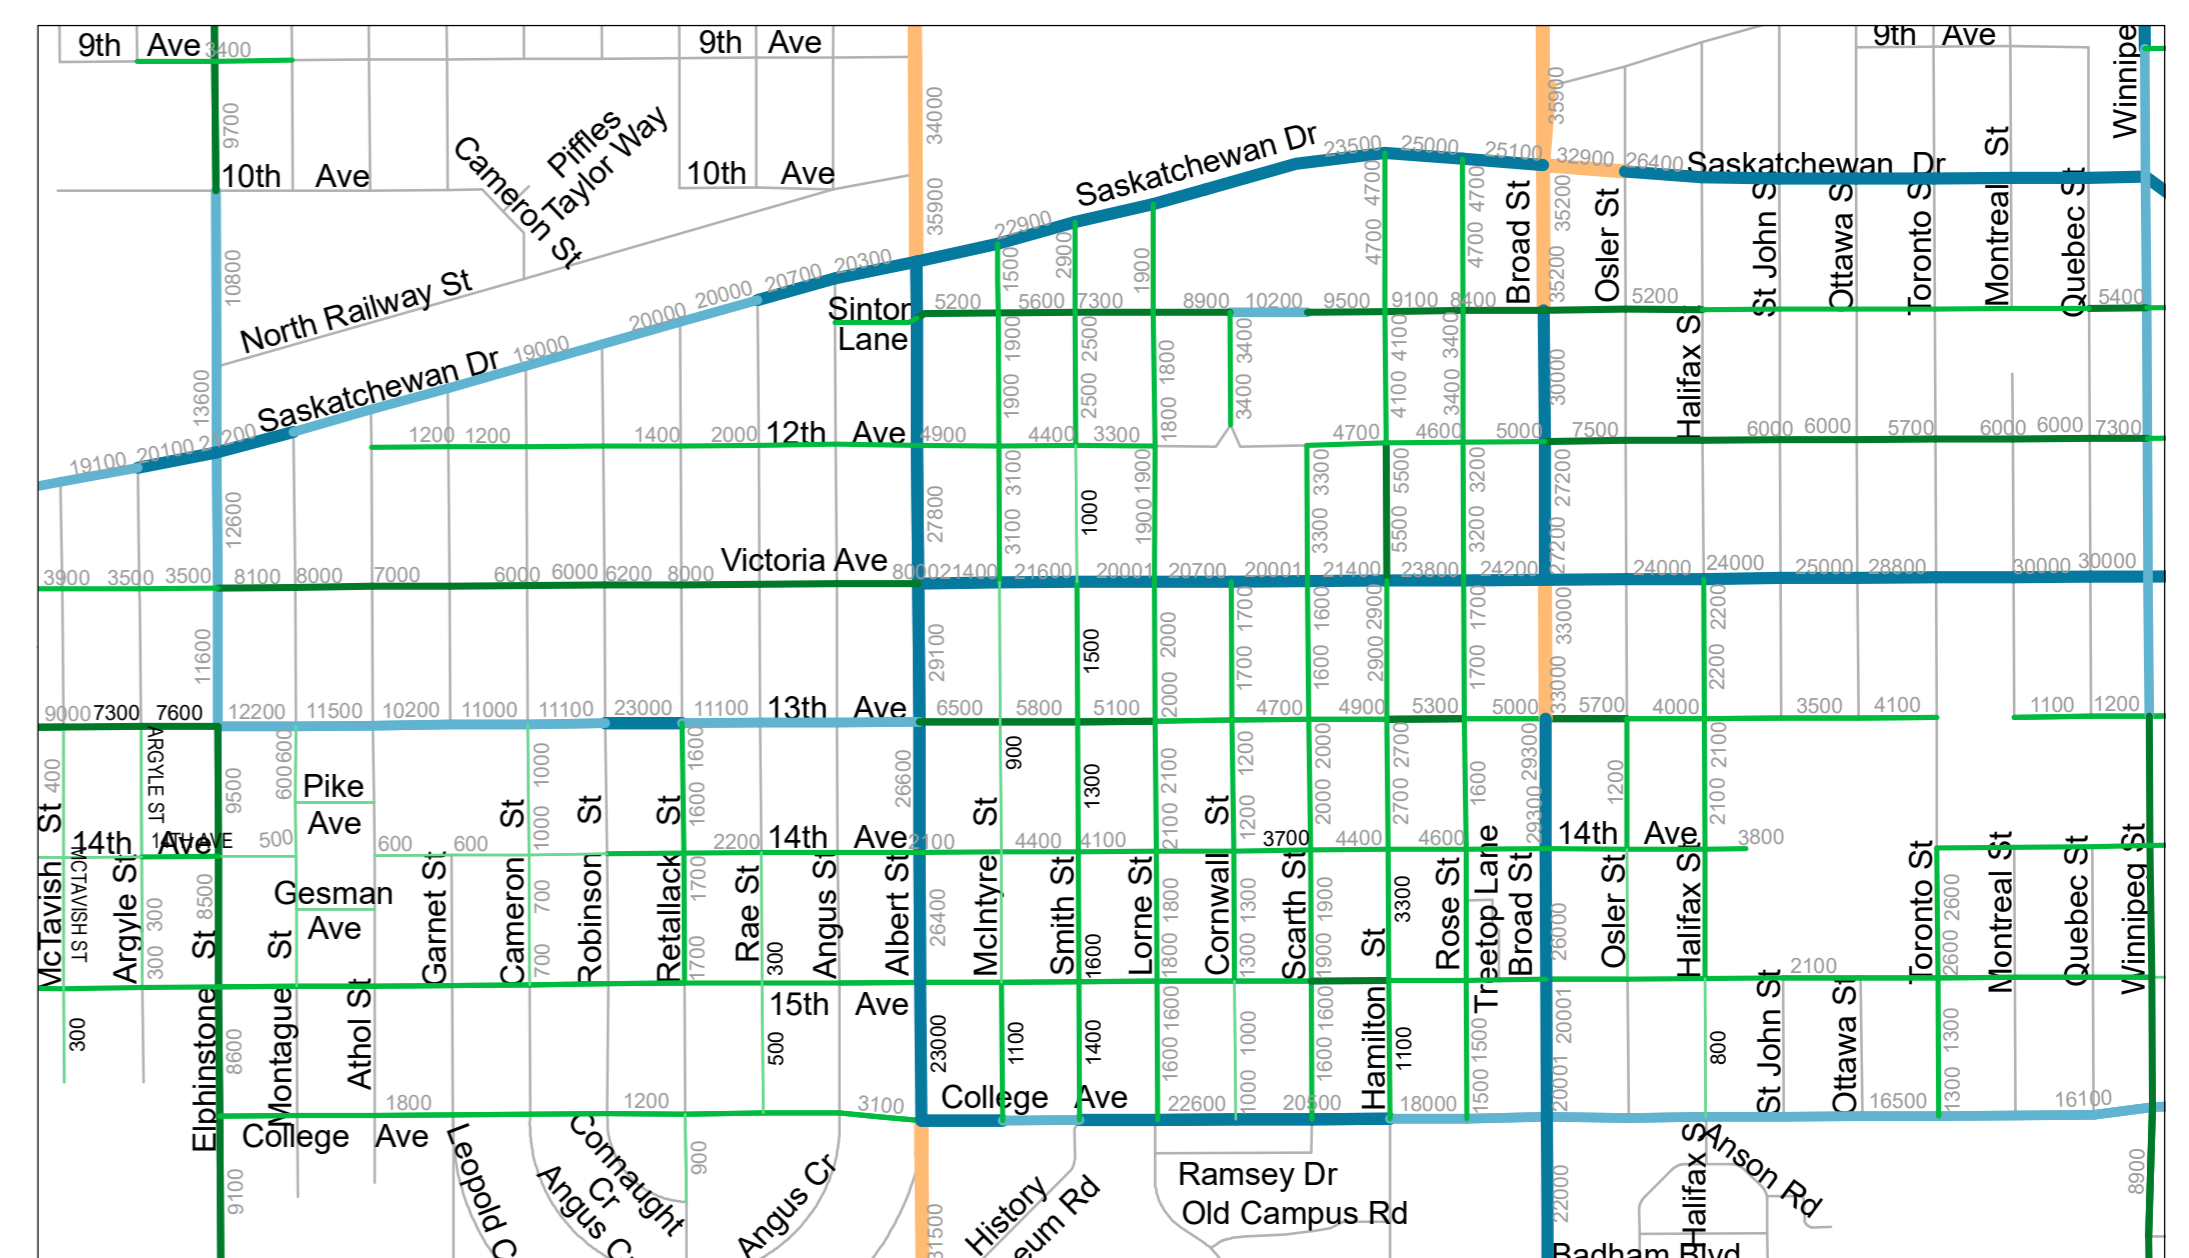

**Victoria Ave East Area**

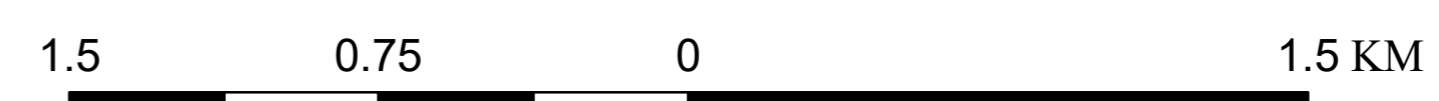

**Volumes**

**Regina Downtown Area**

**Legend**

Average Daily Traffic  
(Vehicles Per Day)

**Scale: NTS**

Note: All traffic volumes are based on 24 hours mechanical count. Volumes in grey were collected in previous years. Volumes in Black were collected from 2020-2021.

Traffic count volumes are a combination of both directions. Please note, due to the traffic pattern change by the pandemic, updated traffic volume at some locations may seem to be inconsistent with previous counts at adjacent sections.
