

DETERMINING NEW ADDRESSES

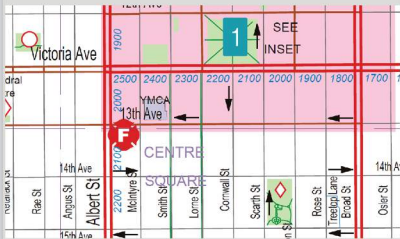

1

Street name approved and reserved.

2

Addresses conform to a grid. Numbering corresponds to blocks on major roadways: Albert St, Victoria Ave and Dewdney Ave.

3

“Zero point” axis where 5th Ave N. and MacAra St would intersect. Addresses north of this line are assigned “North”; addresses east of MacAra St are assigned “East”.

4

Addresses on north and west side of street are assigned even numbers. Addresses on south and east side of street are assigned odd numbers.
